

Spa element Harvia bench DeLuxe

SMBD

Harvia spa benches are designed for optimal relaxation. The comfortable seat and backrest come together perfectly to create an experience that relaxes your entire body. Thanks to their resistance to water and high-quality materials, Harvia spa benches can be used all year round indoors at spas and wellness centres, as well as outdoors in gardens, on terraces, at pools etc. Harvia spa modules can also be customized to nearly any shape and size as per customer needs and requirements. Delivery content includes only spa module elements. Inner and outer tiles, door or other features are not included.
